# Area 80 P 74 Alternate Delegate Report to WIA

We just had the pre-conference assembly. The Alt Delegate will be going to New York. Next Area 80 Assembly is on June 7-8-9, 2024. It will be held in Pine Falls, more details to follow. It was suggested by the Area that we would discontinue, having East and West Service chairs of Corrections, Treatment and PI/CPC. We would try to have one chair for each committee (because of Zoom and hybridization).

Our vision was that the DCMs of each district would ask their GSRs to pick a committee to be on and join them at their respective meetings. With the idea that each district would be then responsible for the Treatment, Corrections, and PI/CPC in their respective districts. This way there would be much better communication and access to more members to do the work they have. Intergroup has always been part of the committees with Liaisons to each.

I certainly hope that we can be inspired to collaborate more and reach the still suffering alcohol.

Yours In Service Alice Gardai

- **2. Secretary**: Sent out four Newcomer Packages this month. Keegan R from University Group, Stacy S and Kelle G both from First Step and Steve L from Winnipeg group.

and are held in-person (at Central Office) and on Zoom. Meeting ID 862 8193 2054. Passcode 384778. The committee is an Area 80 (Manitoba) committee chaired by Ken P. (Oakbank Group). I am on the committee to bring information from and to WIA. There are currently four committee members in total. In some areas, PI and CPC are two separate committees. In Area 80, the committees are combined. 2024 is the first year that the Area 80 West and Area 80 East PI-CPC committees are combined into one. This was done because of a lack of volunteers to have two separate committees. If more volunteers are available in the future, the committee might once again be divided.

Two of the committee volunteers are the PI-CPC reps from their groups. Does your group have a PI-CPC rep?

The "PI" portion focuses on giving presentations to A.A. to schools and organizations, provides information about AA through digital and print materials, and ensures local media have accurate information about AA through PSAs, anonymity-protected interviews and press kits.

The "CPC" portion establishes better communication with professionals working with alcoholics, finds simple, effective ways of co-operating without affiliating, and clearly explains what AA does and doesn't do. There's confusion out there, people!

So far this year, the PI-CPC committee talked with a class of nurses at University College of the North which is in The Pas. Two members also met with a housing project who had a resident interested in setting up an AA meeting.

On the principle of "you can't do everything all at once or nothing gets done", the group has put together a list of organizations that have HR departments to help them understand the role AA can play for the benefit of their workforce. Letters will be sent offering to do presentations for their organizations. We'll then follow-up to see who might be interested.

As with all things AA, volunteers are always needed. Maybe you can't be on the committee but would be prepared to speak at a presentation or event. You can contact me at 204- 471-8600 or susiesunshinewpg@gmail.com. Text or phone is best. After a professional lifetime glued to email, it is not my preferred method of communication!

# **Committee Reports**

1. Chair: January/February 2024 have been an eventful month within AA Manitoba with the Area 80 assembly and the Winter conference that were both well attended. I also heard of two new groups that were being formed within Manitoba (please don't ask me which ones at this time) and we look forward to welcoming both into our Intergroup AA service model. I was fortunate to give a quick introduction as Intergroup Chair at the Area 80 assembly and to let them know that I will formally provide a report at the next assembly on the operations of central office and the Intergroup Manitoba committee.

In my first meeting with Intergroup I gave a commitment that I would do a presentation of the issue of the Wage and rental subsidies received from CRA by Central office during covid. I have discussed this issue with the current treasurer and the previous treasurer. I have also reached out to others within the AA community who have held positions within General service and Groups over the years for their guidance on the right solution to an event that was unprecedented within our lives and our groups.Page I 2

I had decided to defer this report to March as I need another month to format my findings and communicate to the fellowship in a manner that will be informative but realistic on the why and how to deal with this event currently and into the future if or when another event happens in our lifetimes that will have such wide societal implications.

I have not had time this month to begin to create a power point to help introduce new Intergroup reps to Intergroup. I will need two individuals, one with power point skills and another with communication skills to help to create this. We will use this type of presentation to introduce new reps but also to visit groups and discuss the reasons why they should have representation and donating to the 3 arms service.

I also want to suggest that we begin to participate with an Intergroup table at AA conferences, Assemblies and Gratitude Day. I believe this will bring more awareness to the importance of central office and Intergroup as a whole. We may need to purchase a role up banner for this purpose.

Communication with the fellowship is key to informing the groups of Intergroup responsibilities, central office operations and general understanding of our role as a service body. Recently individuals with no intention of causing harm to AA or misrepresenting Intergroup have taken among themselves to organize a Valentines Day with the proceeds going central office. This is honorable and certainly appreciative for the operation of this body. Unfortunately, the message has been sent out that central office is seriously in need of funds. This is not the case; the Central Office is not in desperate need of funds. It is imperative that groups donate consistently within the confines of what they can do. This event was not presented to the Central Office committee or endorsed by the Intergroup reps. The other issue with that was brought forward by a long-standing member of AA was that tickets were being sold to non-AA members. Which obviously convolutes the funds gathered for AA.

Our preamble and traditions clearly state that we are fully self-supporting through our own contributions, and we are not allied with sect denomination, organization or institution. This also includes Valentine's day dances etc, etc, etc...

The issue with associating Intergroup with events is Intergroup relies upon the donations from the groups and AA members. We cannot take monies that may have been acquired by outside sources. In the past AA groups held dances periodically which were endorsed and organized by the group. If the group endorsed a dance, monies that were made would be used based upon following the 7th tradition and dispersed at their own discretion. In other words each group is autonomous and must make decisions that do not affect other groups or AA as a whole.

- **2. Secretary**: There were zero new members in February.
- **3. Treasurer:** The month of January was a good start to the year. Literature sales were good along with group and individual contributions being \$1000 higher than expected created a \$1300 surplus

As opposed to a \$400 shortfall.

Motion to Accept his report as presented - Howard Seconded - LucyPage I 3

**4. Central Office:** 156 calls and 53 walk ins this month. 45 emails were replied to. 7 requested speaker lists. 7 callers were first-timers. 7 wanted rural information and 2 wanted on-line information. 8 callers wanted information to help someone else. A message was left seeking a ride to a meeting. One caller wanted to get a sponsor for someone else who knew ASL (American Sign Language). Somebody wanted to know if he could do his step 5 with his mom and 2 callers who wanted sponsors. A man called 4 times about his suspended license. 2 people called in and 2 walked in seeking

tickets for Gratitude Day.

8 city groups contributed \$900. 3 rural groups sent in contributions making it pretty much on par with last year. 1 birthday plan contribution came in.

Last year we sold 400 pamphlets, this year 80. Last year we sold 360 tokens, this year 680. Big Books, 12 & 12's and Daily Reflections sales were decent because Aurora Recovery bought 150. Literature Sales at the Winter Conference were \$388 less than the year before.

A new group called Recovery Group of Manitoba started up. They meet every Monday at 6:30 at 800 Adele Ave. Starting Feb 9th the Ashern group is meeting every second Friday at 6:00 for an O D. The Young and Sober Group have moved to 521 McMillan Ave. They continue to meet on Friday at 7:30. The University Group started a 22-week Step Study on Feb 18th. The 639 Group have added a

meeting Sunday at 11:00 am. The Argus group has folded.

The Rat River group in St Pierre Joly's is having a birthday/speaker meeting at 2:00 on Saturday March 23 at 112 St Malo St.

**1. Chair:** It was great to the hear of the turnout for the Intergroup meeting on Monday Feb 5, 2024, due to catching a variant of Covid and the unexplained Hydro blackout in South St B where I live, I was unable to attend this meeting.

I have deferred my report until March in which at that time I will do a presentation on the Covid subsidies received by Central office and a presentation for new intergroup reps and existing groups describing the details how Intergroup serves the fellowship. Another issue that has become apparent is the idea that Central office is in desperate need of funds, let me reassure that Central office is not in desperate need of funds. We do though need groups to consistently through literature purchases and donating to the three arms of service to ensure that we can always operate. This issue has been emphasized by proceeds being offered due to a Valentines Day dance that unfortunately as a committee we have not endorsed nor have any part in the planning of. I will further discuss this in our March meeting.Page I 2

1. Chair: Welcome all Intergroup Reps to the next 2-year term as I serve as the new Chairman. I would like to Thank Gordie and the committee for their service to Intergroup over the last 2 years. I look forward to serving over the next 2 years, my goal in the short term is to try to meet each intergroup rep and learn about there groups. Over the long term I will be reaching out to the groups that are not being represented to discuss and educate what Intergroup does for them and the AA community. I will be requesting to form a small committee of Reps that would be interested in formatting a presentation with intent of visiting some of these groups to educate and encourage them to become active in intergroup.

I believe that any challenges we have as a service body within AA Manitoba can be addressed and as long as we follow the 12 traditions and 12 concepts, we can persevere to resolve anything put in front of us.

I met with the Intergroup Committee the other night and learned a little more about the operation and needs of our AA central office. Page I 2

The year-to-date numbers are still good with Literature sales and total contributions slightly higher than budget and expenses being very close. - **2. Secretary**: Have started collecting names for new Intergroup reps. Have one name so far, Kirk P. from KIS group.
- 3. **Treasurer:** October was a great month for Literature sales. We almost doubled our projected sales to over \$9000. Contributions were up slightly, and expenses remained fairly constant. The net effect was a surplus of \$1700 as opposed to a budget of \$100. Year to date numbers are equally good as literature sales have increased by 35% over last year resulting in a \$5200 surplus as opposed to a budget of \$1200. We do anticipate an inventory cost adjustment at the end of the year, however we should still end up with a small surplus.

**4. Central Office:** received 154 calls and replied to 49 e-mails. Seventy-five people walked into the office. Thirty-three callers wanted a group in their area including seven first timers, four in the rural area and one wanting online information. Of the 6 "Help for others" calls one was for Indigenous meetings for youth and three to get help for someone in the rural area. One wanted to talk, One wanted G/A in St Malo, 2 wanted detox, two wanted Alanon information and 4 wanted the AFM.

The women's detox on Magnus desperately need women to chair meetings. They are down to 1 meeting/month and the morale is really low.

The Nest need A.A. members to come back out to chair meetings. Page I 3

Book sales and Contributions were on par with last year. Seven city groups and two rural groups sent in donations. Two birthday plan contributions came in.

The new printer/copier gave us some grief. Office Innovations brought in a brand-new machine on Tuesday the 28th to try for a couple of days. It seems to be working fine.

### 4. 2024 Budget

The IG committee executive has suggested we adopt, for literature sales, our primary source of income which also includes sporadic contributions from the Winnipeg area, a 5% or 10% or 15% increase in price for our literature. Our treasurer presented orally and with spreadsheets the present situation in the Central Office budget.

#### Comments from the floor:

- Some Agreed that an increase is due.
- Do all groups contribute to the Central Office? No, all groups do not contribute.
- Voluntary contributions from groups normally go to Central Office, to New York and to the business side of each individual group. But not every time. Groups are Page I 5 allowed to contribute as they wish. Area 80 Districts Westman IG are also on donations list.
- Brandon area has its own Intergroup Committee. Westman Intergroup.
- At 0% increase the \$8000 loss shown in the budget could be covered by our prudent reserve.
- Another group agreed with the comment above.
- Do we have to move? The current lease expires July 31, 2024. A real estate agent hired by the owners did look at our building.
- The annual rent increase is at least 3%.
- Our Central Office manager is due a raise in early 2024.
